6. PLACEMENT IN AND SPECIALIZED TRAINING AT UNIVERSITIES

(1) The study/training is implemented only in the university/study courses listed in the booklet Course Guide for Teacher Training Students. The Course Guidebook will also be available on the MEXT website:

http://www.mext.go.jp/a_menu/koutou/ryugaku/boshu/1354263.htm

(2) MEXT, in consultation with the university concerned, will decide on the university in which each recipient shall be enrolled by taking into consideration his/her Japanese Language ability and the specialized courses he/she wishes to be enrolled in. Objections regarding university placement will not be accepted.

(3) The training at universities will be conducted in Japanese, in principle.

(4) The recipients whose Japanese language ability is insufficient will undergo Japanese-language education in a Japanese language study course at the appointed university or at a university designated by MEXT. Japanese -language education is generally provided for six months at the beginning of the program, but some of the accepting universities may conduct Japanese language education parallel

to the training.

- (5) The training mainly consists of educational administration (such as educational administration and finance, school management), educational methods (examples: classroom teaching, learning system theory, curriculum, and educational assessment), specialized subject research (examples: mathematics, physics, chemistry, and gymnastics), and observational tours and practice (examples: class observation, participation in special educational activities, and tours of educational research facilities). Guidance plans will be organized flexibly according to the research themes the students wish to study.
- (6) A recipient who has completed a specified course at the university concerned will be given a certificate.

Therefore, a recipient cannot be enrolled in an undergraduate course at a university or a master's or doctorate course at a graduate school as a Japanese-government-sponsored international student during the term of or right after the completion of this program. (This same restriction applies to privately financed overseas students enrolled in an undergraduate course at a university or a master's degree or doctoral course at a graduate school. If the recipient should be enrolled in such a course, the recipient will be required to pay back the entire amount of the scholarship money retroactive to the start of the scholarship payment.)

7. NOTES

- (1) Each recipient is advised to learn the Japanese language and to acquire some information on Japanese weather, climate, customs, university education and conditions in Japan, as well as about the difference between the Japanese legal system and that of his/her home country before departing for Japan.
- (2) As the first installment of the scholarship payment cannot be provided immediately upon the recipient's arrival, the recipient should bring approximately US \$2,000 or the equivalent to cover immediate needs upon arrival in Japan.
- (3) Accommodations:
 1. Residence halls for international students provided by the universities:
Some universities have residence halls for international students. The recipients enrolled at national universities where such facilities are available may reside, if they so desire, at these residence halls under certain conditions. However, because of the limited number of rooms, some of these facilities may not be able to accommodate all the students who wish to live in them.
 2. Private boarding houses or apartments:
Those who are not able to find accommodation in the aforementioned facilities may live in regular dormitories of the university or in a private boarding house/apartment introduced by the university.
It is very difficult for recipients with dependents to find appropriate housing in Japan. The recipient is requested to arrive in Japan alone first to secure housing before having his/her spouse and/or family come over to Japan.
- (4) In addition to the information determined in this guideline, matters which are necessary to implement the Japanese Government Scholarship are determined by the Japanese Government.
- (5) More detailed information on this scholarship program is available at the Embassy of Japan.
- (6) Information regarding the recipient (name, gender, birthdate, nationality, accepting university, graduate school/undergraduate school, specialty, period of enrollment, career path after completion of course, contact information [address, telephone number, e-mail address]) may be shared with relevant government organizations for the purpose of the use of the information in overseas student exchange programs (support during period of study, follow-up, improvement of the overseas student system) implemented by the Japanese Government.

Information regarding the recipient other than date of birth and contact information may be opened to the public after study in Japan in order to introduce the activities of returning recipients around the world in materials produced by the Japanese Government as publicity for promoting the acceptance of overseas students in Japan.

These matters are included in the Pledge stipulating rules and regulations which MEXT Scholarship recipients must comply with and submit when they have been granted the Scholarship. Excluding exceptional circumstances, only those concurring with these conditions will be accepted as MEXT Scholarship recipients, in principle, and will be granted the Scholarship.
