ELIGIBILITY FOR HEALTH SERVICES

Most international students are not entitled to publicly funded health services while in New Zealand. If a student receives medical treatment during their visit they will be liable for the full costs of that treatment. Full details on entitlements to publicly funded health services are available through the Ministry of Health, and can be viewed on the website at <http://www.moh.govt.nz>

ACCIDENT INSURANCE

The Accident Compensation Corporation (ACC) provides accident insurance for all New Zealand citizens, residents and temporary visitors to New Zealand, but students will still be liable for all other medical and related costs. MASSEY UNIVERSITY POLICIES

1. REFUND GUIDELINES (To be read in conjunction with the Massey University Calendar Statutes <http://calendar.massey.ac.nz>)

- 1.1 In accordance with the University's Fees Regulations and Immigration New Zealand policy, refunds of tuition fees paid shall be made to students who withdraw from their paper(s) before 10% of the study period has passed, eg, two weeks for a single semester paper and four weeks for a double semester paper.
- 1.2 Prior to arrival on campus, requests for refunds should be emailed to international@massey.ac.nz. After arrival on campus, requests for refunds must be received on an International Student Refund Request form available from International Student Support staff at each campus. The date of withdrawal is deemed to be the date on which the application to withdraw is received by the University.
- 1.3 At the University's discretion, refunds granted will be made to: a nominated account in the students' home country; to the credit card used to make payment; or, when the University has sighted an Offer of Place from another institution, the funds will be paid directly to the relevant institution. Fees paid by scholarship or other third party may be refunded to that party. Students under 18 years of age must provide evidence of parental approval prior to withdrawal or refund being granted.
- 1.4 A student who gains New Zealand residency before 10% of the study period has passed will be refunded the difference between the international and domestic fees for those papers.
- 1.5 A student who withdraws before 10% of the student period has passed will be refunded the non-tuition fees. Insurance premiums will not be refunded if a claim has been made
- 1.6 For each refund granted prior to the completion of the first enrolment period, the University will retain an administration fee of \$530. Withdrawal with refund in subsequent enrolment periods will attract a withdrawal fee of \$75.00. In all cases, Immigration New Zealand will be advised that the student has withdrawn.
- 1.7 Any commission paid by Massey University to an education agent relating to the admission of the student will be deducted from the amount of any refund payable to the student where withdrawal occurs prior to completion of the first year of study.
- 1.8 Responsibility for authorising refunds for any student enrolled at Massey University is delegated by the Registrar to the International Director. Appeals related to fee refunds should be sent in writing to the International Director.

2. FEES PROTECTION POLICY

- 2.1 Massey University is governed by the Public Finance Act, the Education Act, and University Council regulations in regard to student fees. An individual fee account is maintained for each enrolled student.
- 2.2 Any programme or course offered by the University and listed in its Calendar may be cancelled by the University as a result of insufficient resources or student demand. The Vice Chancellor confirms that Massey University has the financial resources available to refund fees to students enrolled in any cancelled programme or course.
- 2.3 If a programme or course was unable to proceed due to destruction or damage to buildings, plants and equipment or other tangible assets, fees may be refunded to the students affected from insurance proceeds. In this case the fees refund would be covered by the University's Industrial Special Risks policy and be classified as a consequential loss. Under such conditions the University may be unable to meet the normal timeframes for Fee Refunds.

3. TUITION FEES

- 3.1 Tuition fees stated on the Offer of a Place are an estimate only and the student agrees to pay the tuition fees in full once enrolment has been finalised. The final fees will depend on the number of papers taken and the category from which the selection is made.
- 3.2 Tuition fees are subject to annual adjustment by Council and the student agrees to pay the tuition fees as set each year. The student must ensure that they have sufficient funds available before commencing a programme of study.
- 3.3 One academic year (February to November) is generally equivalent to 120 credits of tuition.
- 3.4 Some programmes require more than 120 credits to be completed in a year. This will also increase the tuition fee for that year of study.
- 3.5 Tuition fees do not include accommodation, living expenses textbooks, field trips, other course related or incidental expenses. For more information please visit <http://international.massey.ac.nz>

4. NON-TUITION FEES

- 4.1 Non-Tuition fees are calculated by academic year, not by semester. Where a student's study spans two academic years, eg. commencing in Semester Two and continuing through to Semester One of the following year, the student will be liable for the annual non-tuition fees in each academic year.
- 4.2 Non-tuition fees include the Enrolment Fee, Student Services Levy, campus charges, Alumni fee, Students' Association fees and Building Levy, and are subject to annual adjustment.

5. PAYMENTS OF FEES

- 5.1 The student must pay tuition fees and other University related fees to the University directly and not to any recruitment agent or other party. This is part of Massey University's fee protection policy.
- 5.2 There may be a bank fee charged by the University's bank which is payable by the student.
